CREATING CLIMATE SMART HOUSING & AREAS ON WATER ?

DISSEMINATION OF A PROOF OF CONCEPT

PERSONAL INVITATION

We are pleased to invite you to an exciting workshop on the possibilities for creating climate smart housing and areas on water in Gothenburg and Europe.

This event brings together guests and keynote speakers in various fields of knowledge. It is an opportunity to reflect on the dissemination of pilot project ANNA within the H2020 UE MERGING program, Gothenburg city's future prospects regarding houseboats, the development of FLOATING LAB GOTHENBURG, developed through partnerships and the possibility of developing centers for recycling and circular buildings of small houses and houseboats.

WHEN ?

28/02/2024 from 1:00 to 4:45PM

WHERE ?

Palazzot, Stenkolsgatan 1A, 417 07 Göteborg

WITH THE KIND
SUPPORT OF

Angered
folkhögskola
